

Santen Receives CADTH Canadian Drug Expert Committee (CDEC) Reimbursement Recommendation for Verkazia™ (cyclosporine 0.1%) Eye Drops

November 22, 2019, Ontario, Canada – Santen Canada Inc., a subsidiary of Santen Pharmaceutical Co., Ltd. (“Santen” TSE: 4536), a global company focused exclusively on ophthalmology, announced that the Canadian Agency for Drugs and Technologies in Health (CADTH) Canadian Drug Expert Committee (CDEC) released a reimbursement recommendation for Verkazia™ (cyclosporine 0.1%) eye drops. This reimbursement recommendation marks an important step towards providing patients access to this new formulation of cyclosporine eye drops in Canada. Provincial jurisdictions are the final decision makers on public reimbursement.

About Vernal Keratoconjunctivitis

Vernal keratoconjunctivitis (VKC) is a rare and potentially debilitating ocular allergic disease.¹ Vernal keratoconjunctivitis is characterized by allergic inflammation of the ocular surface, with clinical manifestations involving the tarsal (palpebral) and/or bulbar conjunctiva that can have a seasonal course, but also may be chronic with acute exacerbations.² Key signs and symptoms of VKC include photophobia, conjunctival hyperemia, itching, stringy mucous discharge, giant papillae on the upper tarsal conjunctiva, papillae and gelatinous infiltrates on the limbus with white-yellow nodules (Horner-Trantasdots), superficial punctate keratitis, and corneal shield ulcers.²⁻⁴

About Verkazia™

Verkazia™ cyclosporine 0.1% topical ophthalmic emulsion indicated for treatment of severe vernal keratoconjunctivitis in children from 4 years of age through adolescence. The recommended treatment regimen by Health Canada is four times daily administration.

About Santen

As a specialized company dedicated to ophthalmology, Santen carries out research, development, marketing, and sales of pharmaceuticals, over-the-counter products, and medical devices. Santen is the market leader for prescription ophthalmic pharmaceuticals in Japan, and its products now reach patients in more than 60 countries. With scientific knowledge and organizational capabilities nurtured over a nearly 130-year history, Santen provides products and services to contribute to the well-being of patients, their loved ones and consequently to society. For more information, please visit Santen’s website (www.santen.com).

Santen Forward-looking Statements

Information provided in this press release contains forward-looking statements. The achievement of these forecasts is subject to risk and uncertainty from various sources. Therefore, please note that the actual results may differ significantly from the forecasts. Business performance and financial conditions are subject to the effects of changes in regulations made by the governments of Japan and other nations concerning medical insurance, drug pricing and other systems, and to fluctuations in market variables such as interest rates and foreign exchange rates.
